Six Eighty Cellars

At Six Eighty Cellars, many of our winemaking vessels are a departure from the stainless steel and oak traditionally seen in our region. We are using old world, traditional style amphorae that enhance the natural characteristics of the grapes. From Italy we have imported a Terracotta Cigar, Cocciopesto Opus, five clay clayvers and a concrete tulip. Our three vin et terre sandstone vessels in jarre and egg form originated in France. Explore the unique grapes and wines we have to offer and learn something unexpected.
