PRODUCER

Ravines Wine Cellars is an Estate winery founded in the year 2000 by French-trained oenologist Morten Hallgren, and his wife and business partner, Lisa. Together they farm 130 acres of certified sustainable estate vineyards as well as working with the grapes from the renowned Argetsinger Vineyard. As perhaps the first Oenologist owned winery in the Finger Lakes region, Ravines is widely known for producing a distinct style of terroir-driven and polished dry wines as well as pioneering a new style of Dry Riesling to the Finger Lakes wine region.
