### VINEYARD

The Domaine du Grand Pouget has a rich family history. In 1997 Christian PEYROUX took over the estate after his father retired. Since December 2017 this SCEA has been managed by Thomas ROBLIN, his son-in-law. The vineyard covers 88 Ha including 16 Ha in red. Located between the municipalities of Colombier and Conne de Labarde near Bergerac (South West of France) on clay soil limestone.

This cuvée is the fruit of the work of winegrowers committed to a reasoned culture approach, the operation is thus certified High Environmental Value.
