

# *Cantus Terra*

## The song of the Soil

*In the Dordogne valley, We, the Vignerons Coopérateurs du Périgord, cultivate with passion and with respect of Nature the diversity of our terroirs.*

*Here, the grapes ripen according to the temperate seasons, bursting with sunshine, in a setting of unspoilt nature. From Bergerac to Monbazillac, each terroir produces typical wines, with distinct notes and styles.*

*We imagined Cantus Terra, the Song of the Soil in Latin, as a hymn to these terroirs.*
