

ESPRIT DE NOÉ

WORK ETHIC

This single-estate is an ode to Life and the harmony between Human Being and Nature. Grown in accordance with the principles of organic farming from the vineyard to the cellar, it is a pioneering domaine for the development of biodiversity, and an approved «Ligue pour la Protection des Oiseaux' sanctuary» (the Bird Protection League). Born to a unique solidarity approach in Ardèche, this single-estate already belongs to 500 members who are collectively owners. It is also a living place of exchange and training for our grape growers, as well as a welcoming place for all wine and Ardeche enthusiasts.

CABERNET/ GRENACHE

TERROIR

The vineyard of Domaine Terra Noé stretches like an ancient theatre over 25 hectares of vines grouped around the estate, favouring organic farming. The semi-slope terroir on clay-limestone gravel soils allows the vines to flourish with small yields to produce wines for ageing. The Mediterranean climate and the exposure of the vines offer ideal conditions for a beautiful maturity of the grapes. The mistral wind helps to purify the vineyard.

WINEMAKING

Limited yields of 30 to 45 hectolitres per hectare. The grapes are harvested by hand at full skin maturity. Long maceration with gentle extraction. Vatting time of 2 to 3 weeks for each grape variety, to achieve a blend with the best balance.

TASTING NOTES

This cuvée reveals a deep red colour with ruby highlights, a promise of a wine full of elegance and round. The nose is powerful, fruity with blackberry and slightly smoky with spicy aromas. The palate is ample and balanced with a nice tannic finish.
